### Message from the Head

Dear Parents,

You may have noticed that we have switched over to our new website this week! We hope you find it easy to navigate.

We are continuing to add to it and bring all the information on it up to date. We are also ironing out any teething problems that inevitably can occur. Please bear with us during this transitional period.

Kind regards  
Mrs Jearrad

### Parent Governor Vacancy

We have a vacancy for a parent governor. Please look out for a letter next week..

### Cross Country Competition

Congratulations to all our children who participated in the first cross country run of the season. We are so proud of you all!

There will be 5 cross country races in total. Each race the children attend they will be given points and at the end of the season the points are calculated and there will be medals for the 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> places. All schools in the local area are invited to take part. There are usually just under 200 children in total taking part at each meeting. There is also a School competition, but in order to enter the School must have a least 4 children from each year group at each of the races.

The children showed courage, resilience and determination to finish their individual races. Well done!

Mrs White

### Can you spare an hour?

We are looking for parent volunteers to help in our School Library, if you could spare an hour or so every week to help with the general maintenance of the library, please speak to Mrs Dodd in Year 2. Duties would include keeping the library tidy, putting returned library books away and stamping new books.

### Mile a Day

This is a new initiative which aims to inspire and encourage children to get active every day.

This is safe, simple and accessible to all age groups regardless of ability. The children have been asked to simply walk, skip or jog around a track within the safety of the school grounds. Eventually we shall be tracking the children's achievements at individuals and as a class.

There is emerging evidence that links initiatives that get children more active with improved classroom behaviour, concentration levels, team work and leadership. The teachers are also very keen to participate with the children!

### Year 3 Trip to Stonehenge

We went to Stonehenge and we went into houses. Inside the houses were sticks to make fires. At the end we ran up and down hills. The hills were called barrows. The barrows were my favourite part.
