Peter Pan

Tinkerbell's boat

March and April 2019

Tinkerbell sent Mrs Dodd a message to say that she was stranded on Mermaid Rock and had run out of her fairy dust. We decided to make boats to rescue her.

First we had to make a plan and design our boats, and then we were able to make them.

Mrs Dodd took us to the pond to check they would float - but some sank!

We left them out to dry, and the next day they had gone! We think Peter Pan came and took them to help poor Tinkerbell!
