

## Harbour Lights Cinema Trip 26.2.19

We were very excited to be the first class at Nursling to experience the full cinematic experience of the 'Wizard of Oz'. Harbour Lights were putting on a special showing for our children. We arrived in good time for the children to take their seats. The film began and the children were glued to the screen from start to end. We were so proud of them as their behaviour was excellent, they represented our school well. Before we knew it, the film came to it's conclusion. The children got back on the bus to come back to school and some even enjoyed a quick kip on the way back! Have a look at some of the pictures...
