

Year 3 trip to Fishbourne Roman Palace
14th February 2019

We were all looking forward to our trip at the end of Spring 1 to learn more about the Romans. We arrived in good time to the Palace and we went straight to see a video clip to give us a tour and information about the Palace.

We then split into two groups and looked around the museum, gardens and mosaics. The children loved seeing the different artefacts, getting an opportunity to touch different things and to see the buried skeletons underneath the mosaic floors!

After lunch, we all went to a workshop about Roman life. This workshop was very practical with lots of activities on offer. We completed jigsaws, threaded wool, grinded flour in a Roman kitchen, dressed up as Roman slaves, built a bridge and so much more!

Have a look at some of our fantastic pictures!
