

# Monet and the new bridge.

We have been studying lots of Artists this half term including Van Gogh, Da Vinci and Frida Khalo.

When we read "The Magical Garden of Monet" by Laurence Arnholt we thought about what it would be like to be in one of his paintings – just like the text described the characters were feeling when they rowed on the lake in Monet's Garden.

"it felt like floating in Mr Monet's painting."

We went to look at the school's brand new bridge and thought about how Monet and the impressionists would have painted it.

Mrs Dodd wouldn't let us use any paint brushes- only our fingers to make an impressionist painting of our own bridge!
